

# April

## Newsletter for Wire Village

April Fool's was on us with all the snow that has been mixed in with the spring weather. In the midst of the flurry of activity, our students have been preparing for and completing the MCAS ELA testing in grades 3 & 4. This year was the first year ALL of our students completed the computer based version of this test using Chromebooks and wired mice. They are to be complimented for their efforts. The opportunity to do a practice test in advance not only gave them the experience they needed but also psyched them up to do their test to their very best as did the M-C-A-S to the tune of the Y-M-C-A to get them ready to "Rock the test!" The math portion of this test is scheduled for May. Results will follow at a later time. Compliments also were made for last years 4th grade team when a Knox Trail Staff member said the training that the Wire Village Students received made the transition smooth at Knox Trail for the 5th graders.

Next in the limelight is the Sweet Moments Someone Special Dance sponsored by PAWS and scheduled for April 27th. Flyers were sent out in early April to purchase tickets. Reserve your tickets while they last.

Mrs. Sagendorph is also hosting our Annual Book Fair for April 30-May 4 with a special purchase time for parents & families on Tuesday, May 1st from 3:30-6:00 P.M. Attached you will find the 2018-2019 school calendar to help you plan accordingly for next year.

## Dates to Remember:

### April

- 4 Professional Development Day Dismissal at 11:50  
Banking Day
- 9 & 10 ELA MCAS Grade 4

## Layers of Clothing

With the nice weather now here, please remember to dress your children in layers so that they are able to remove clothing and add on clothing to their current temperature change.
