Robotics and Drones

Vex Kits

Drones

Robots

MILO robot curriculum

Programming/Coding/Design

Makey-Makey

B-Bots

3D Doodler Cubelets

Thank you to our vendors, teacher and student presenters for demonstrating all the wonderful new technology in the District.

Tonight, at the last official SC meeting of the school year, I'd like to once again start with **gratitude** as we thank those who are concluding their service to the District. Starting with administration, I'd like to acknowledge the dedication of both PPS Director Carla Chioda and Information Specialist Carol Crozier.

I would now like to ask administrators to acknowledge their staff members:

Kara-
Liz-
Jodi-
Ron-

Looking ahead, please join me in welcoming 2 new members to the Administrative Team:

I've already sent out an announcement to the district but tonight want to officially welcome in person-

Mr. Brian Prehna who has accepted the position of Assistant Principal assigned to Wire Village.

Brian has a Bachelor of Arts and Masters in Psychology as well as a Certificate of Advanced Graduate Studies in Educational Leadership. He has been a paraprofessional, an elementary guidance counselor, a residential clinical supervisor and most recently served as Director of Student Culture at the Christa McAuliffe Charter School in Framingham.

Welcome Brian!

And just recently, Mr. Matt Bolduc completed the paperwork to re-join the District as Academic Affairs Director after 6-years in Bellingham as Director of Curriculum and Prof Development. Matt received his Bachelor of Science in Mathematics from Fitchburg State and a Certificate of Advanced Graduate Studies from Lesley University. Matt has served in the roles of case manager, math teacher, and technology director.

Please join me in thanking and wishing well to those who have served our District in the past...and join me in welcoming the new members to the SEBRSD Team.

Respectfully Submitted,

N. Tracy Crowe, Ed.D.
